Foreword

The "Seed" of Learning is no different than any other seed, be it the minute mustard seed or the acorn from an oak. The SEED'S development too is no different....from its period of sprouting the first set of leaves to its development as a mature being....We proudly present the FHS SEED, its component parts and its development into an individual which will hopefully be able to stand tall in the elements of its future. We present the "development of a seed" with a minimum of words..we hope that one picture will be worth a thousand memories.....without the use of words.

Our Dedication is to a school system which provides the nourishment, the care, the stimulus, and the roots in the development of a "seed" called learning.

The Mind Cultivators

The Mind Cultivators

The seed gains its initial strength from a school board which cultivates an area for the seed to be planted and thus gives an opportunity to each seed to come out of dormancy.

Superintendent

Mr. Hans Bergner

Principal

Mr. W. C. Westerfelt

Once the seed has started germinating it gains guidance from those who weed the area to keep the seed in healthy surroundings.

The seed must be helped
to weather the storms of life . .

The Oak

Maturity has come to those who were able to grow . . . those who were able to grow above the weeds, the brambles, and the rubbish which grew in their path. . . a new, life giving generation lies ahead for them now to give new life, new sound "seed", in the continuous cycle called life.

Born Free

As free as the wind blows,
As free as the grass grows
For dreams to follow your heart.

Live Free

As Beauty surrounds you,
The world still astounds you
As each time you look at a star.

Stay Free

Dear Folks:

Thank you for asking me to judge your contest. I am honored. I was also frustrated because there were so many handsome and beautiful entries. You know, my timing has always been bad. If I had received such photographs of beautiful girls 25 years ago I would be spending most of my spare time in Fredericksburg. Some of those girls make my wife look like a boy! She writes Phyllis Diller for beauty hints and was National Poster Girl for the War on Poverty.

I do know this. Beauty is not always an external thing. Its a fact of life that many people become more beautiful the longer you know them and vice versa. I have chosen those who seem to be the most attractive judging from their photographs. I might have chosen differently had I the opportunity to see them in person and to know them in person. I suspect, however, that all of the entries are beautiful people all the way through. Congratulations! I'm going home now and burn up all my old photographs of myself.

Sincerely,

Cactus Pryor

Battlin' Billies

District 15 AAA

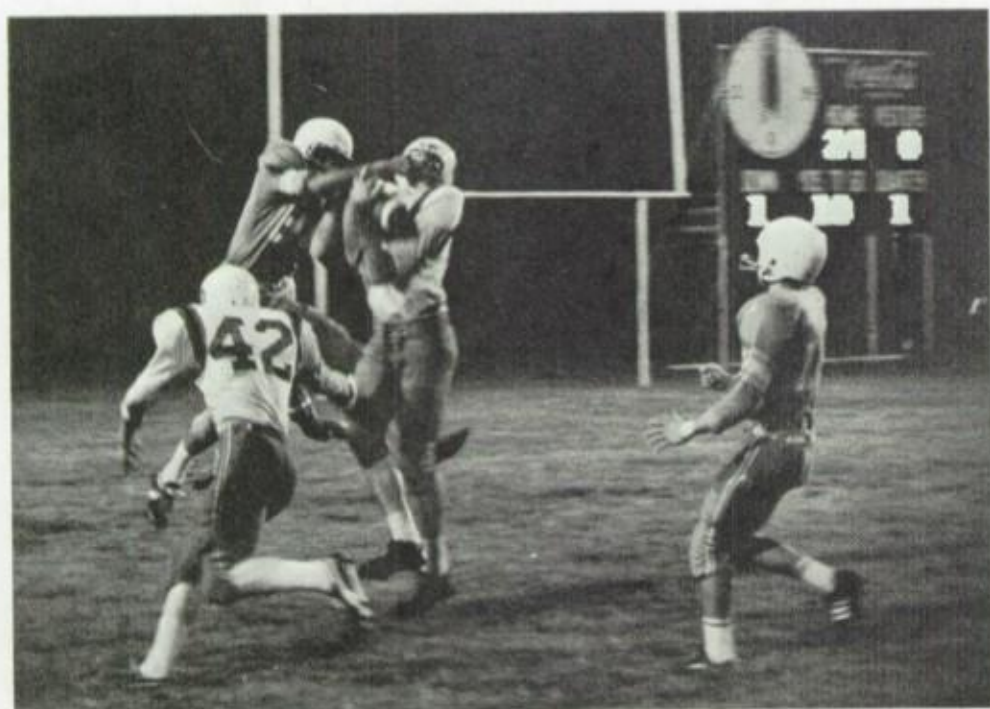

Mason 0 - Billies 7

The only non-district game of the season was played against Mason where the Billies defeated the Punchers, 7-0. The only score came mid-way through the second quarter when Dearing threw a 73 yd pass to Eckert. Klaerner's mighty toe boosted the ball over the goal post for the extra point.

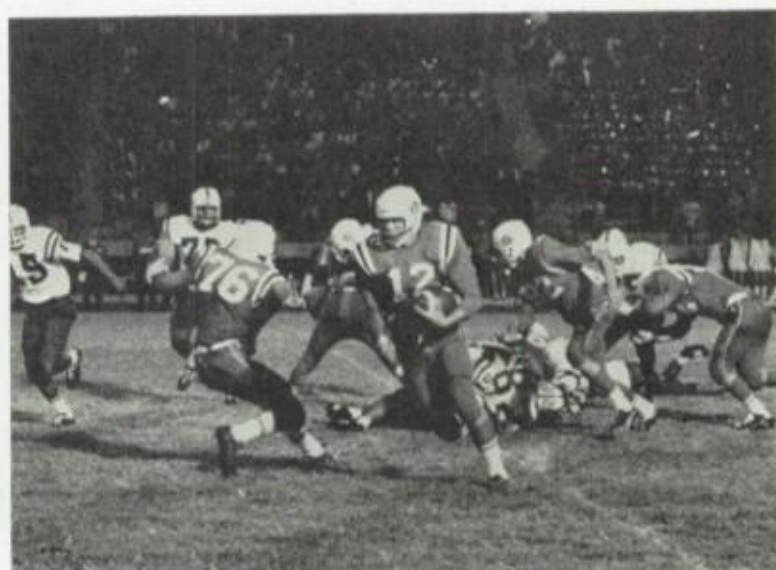

Crystal City 0 - Billies 39

Steve Durst, David Rech, Delbert Dearing, Donnie Schuch, and David Stone plus excellent team effort led the Billies to their district-opening victory of 39-0. This victory was the 18th consecutive district game won by the "Big Red", and the 9th on our home field.

Eagle Pass 38 - Billies 15

Several bad breaks and fired up Eagle Pass cost the Billies their 1st District defeat. The Eagles scored 24 pts. in the 1st quarter, which was too much for the Billies. Our 1st score came in the 2nd quarter with Durst crossing the goal. In the 3rd quarter, Delbert scored the last touchdown.

South San 29 - Billies

A powerful and speedy Bobcat team defeated the Billies, 0-29. The Big Red threatened to score 3 times inside the Bobcat 20, but were not able to push the ball across the goal line.

East Central 6 - Billies 42

The "Big Red" returned to the winning column again by the Hornets. The scoring efforts of Schuch, Friedrich, Dearing, Rech and Durst with the aid of Wunderlich's extra points gave the Billies a 42-6 victory, making their district record 2-2 for the season.

A 40 Yard field goal by Kay Klaerner and a safety was not enough to overcome the Coyote's first quarter touch down. A powerful defensive ceased the Uvalde Coyote's from scoring throughout the remainder of the game.

Uvalde 7 - Billies 5

As the Battlin' Billies struggled to defeat Wheatley, speed proved to be the decisive element. Scoring efforts by Dearing, Eckert, and Schuch gave spectators doubts as to which team would be defeated.

Wheatley 20 - Billies - 14

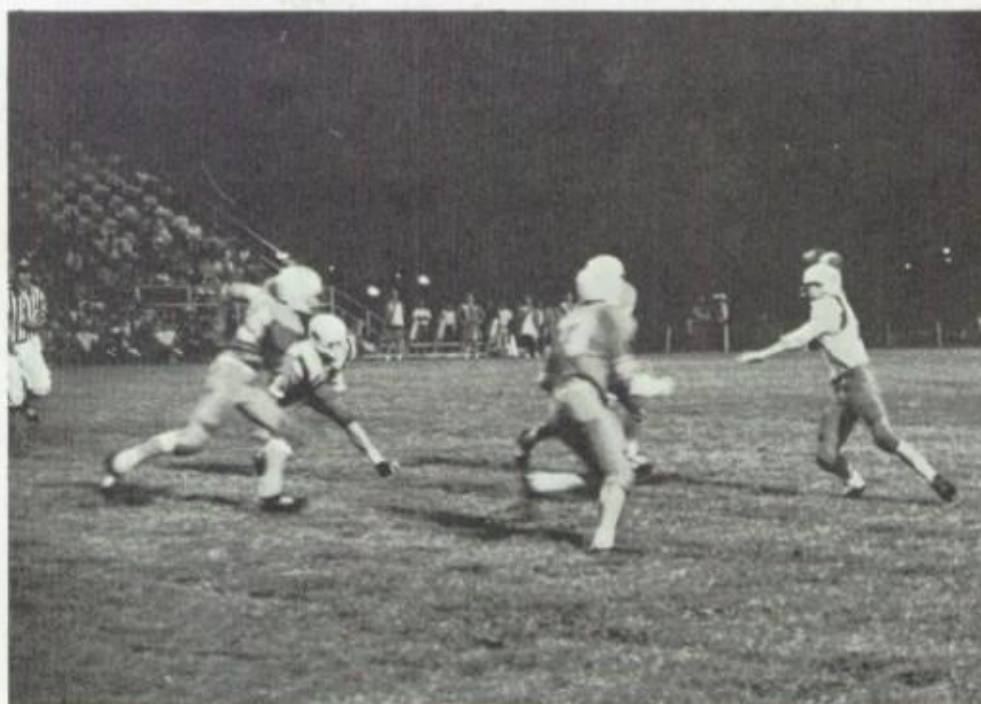

This was one of Big Red's unluckiest games. In the 1st quarter Jimmy Friedrich, reserve quarterback, received a head injury. Prior to the half, first string quarterback, Delbert Dearing received a rib injury. Mark Roeder was called in from the stands to do an exceptional job of quarterbacking the remainder of the game.

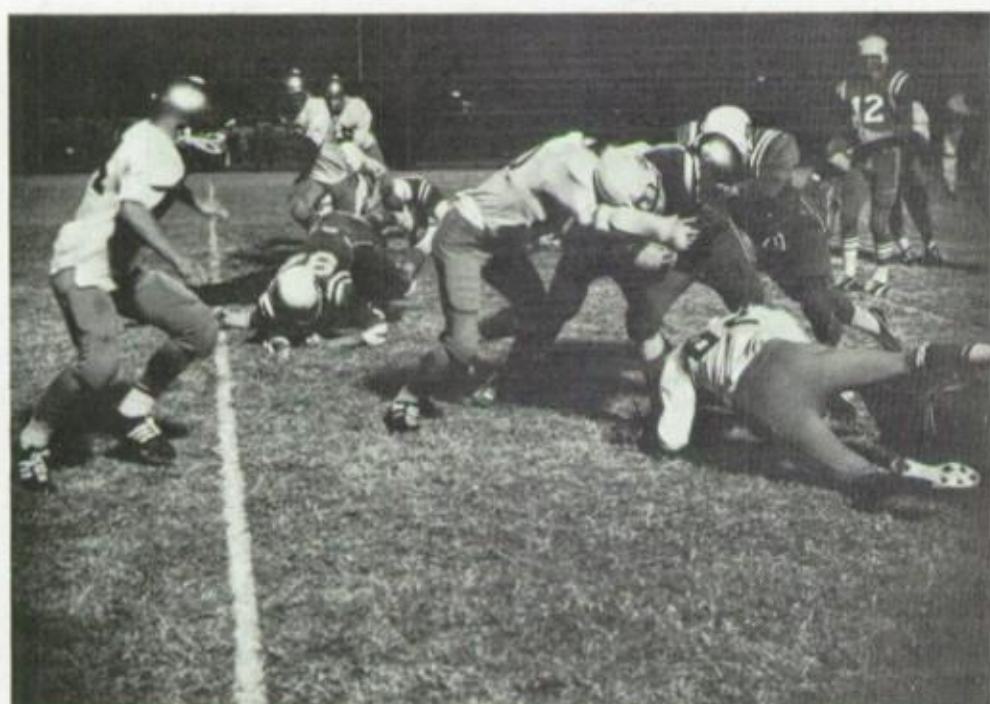

Del Rio 32 - Billies 0

Mud and injuries were common factors in this defensive battle. Delbert was still unable to play because of his previous injury. Donnie received a back injury, ending his participation in this weeks game. A slippery ball and several fumbles were the deciding points in this game.

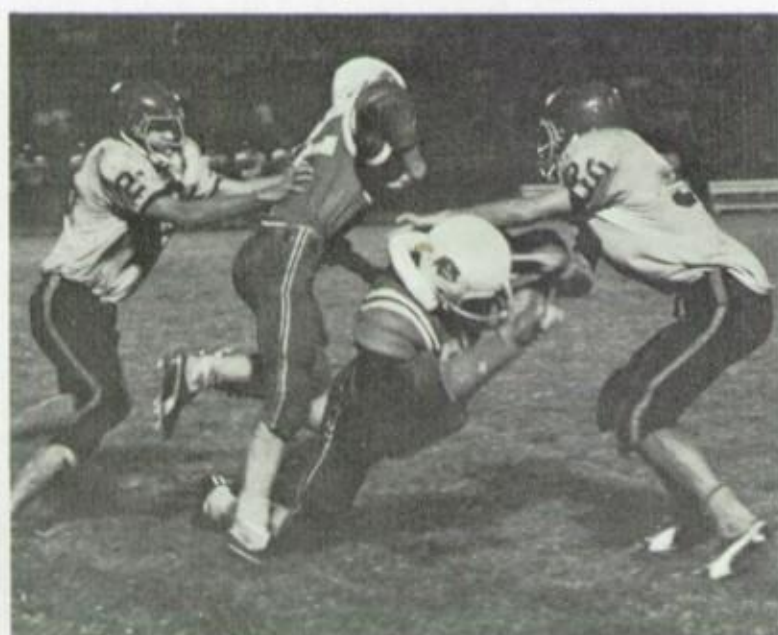

Tivy 21 - Billies 19

Schertz-Cibolo 6 - Billies 0

Although Tivy and FHS were out of the district race, this game could have been a world championship play-off. The Billies scored 1st with Donnie carrying the ball for the last 2 yds. Tivy pushed right down the field, made a touchdown, and kicked the extra point. It was Big Red's turn, so Dearing scored on a 7 yd. run. The antlers scored 2 more touchdowns the 2nd half. Then Delbert, eyeing a hole in the Tivy defensive line, scored on a 28 yd run. Although the Billy spirit continued strong, this proved to be their last scoring effort. The score of 21-19 ended the '67 season-- its thrills and its heart-breaks.

Homelite's great new chain saw **XL-103**

New super-powered, compact engine. Cuts through 15" softwood in 12 seconds, 15" hardwood in 15 seconds. Fells trees up to 4 feet in diameter. Automatic chain oiler with manual override, larger fuel tank. Easy-Pull starter, narrower bar for pinch-free cutting. See the great new XL-103 — only 11½ lbs, less bar and chain!

Mr. Haas

... thank you

Editor's Note

Throughout this past year many people have been involved, directly and indirectly, making this Mesa a record of growth. To all of those who aided and supported the Mesa Staff this year I wish to extend a special thank you. We deeply appreciate the understanding of the Administration and of the Faculty.

The Student Body creates the yearbook, for without them no memories exist. I give my thanks to each of you for all the co-operation.

A merely superficial staff will not do to Edit a yearbook. People, people who care and people who work, are needed. To all my staff I wish to personally give a sincere "thank you" and a round of applause for all the effort and spare time spent helping meet the annual's deadlines.

Mr. Wiemers has weathered the storm of publication at FHS for the first time. His determination, strength, and dedication are genuinely appreciated by the entire staff.

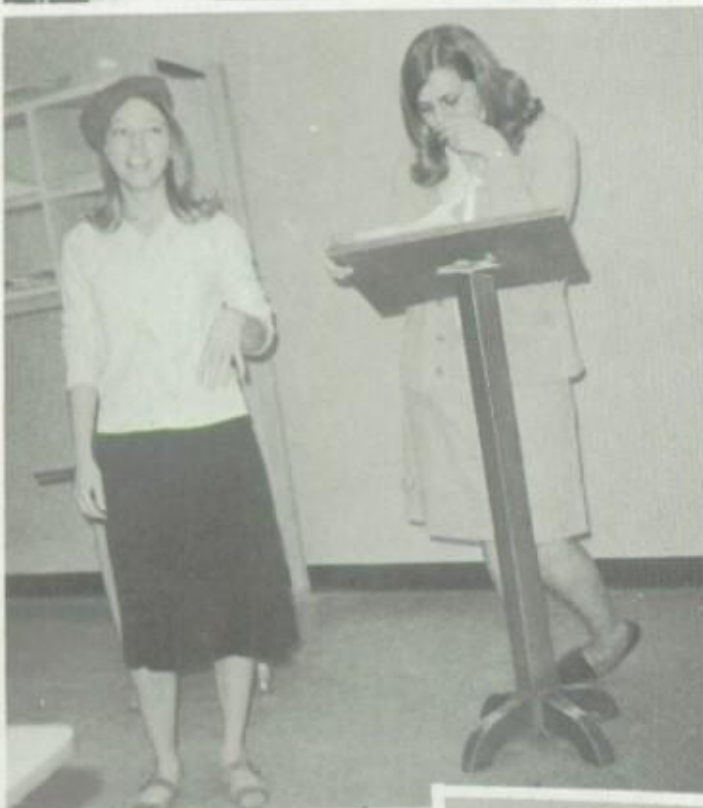

Thank you and I hope you enjoy the '68 Mesa with record of memories.
